JANUARY 31ST  
2024**

# WeeDo funwear **FLEECE 24**

This year we have prepared something very special for you. We made our fleece collection even more suitable for outdoor use. Our new collection is now an innovative

## **HYBRID OF WATERPROOF RIBSTOP WITH TEDDY FLEECE.**

The Ribstop material with a water column of 10k mm lined with brushed tricot keeps your little adventurers dry and warm when the ground is still wet and the weather is chilly. The new Teddy Fleece Collection not only provides cozy warmth, but is also breathable. No more worrying about overheated little bodies, because our funwear lets the skin breathe and regulates the body temperature naturally.

Choose from **FOXDO** and **MONDO** themed:

It's time!

We have always believed in it, kept an eye on the current state of science, and eagerly awaited this milestone in the history of the textile industry:  
From Textile to Textile is now possible without loss of quality when recycling old clothes made of polyester!

The Japanese company Teijin has been researching a complex process to obtain new polyester yarns from old fibers since 1998. The successful method registered a patent at the beginning of 2022. It has been licensed to only one factory in China so far, which I visited in May this year to see for myself.

For WeeDo season AW24, we are using fibers obtained from old clothes for the first time.

We are super happy and more confident than ever that a fully circular economy works in the future!

-Antje-

# KARMA

## WHAT GOES AROUND, COMES AROUND!

### CIRCULAR ECONOMY!

OUR VISION: fun clothes for kids and new solutions for their future. We want to close the littering loop from textile to textile!

### GOODBY WASTE!

We use fabrics from recycled PET bottles, recycled textiles or overproduction.

### SHORT DISTANCES!

Our partner companies and suppliers are situated close to each other.

### DRINKING WATER WITHOUT CHEMISTRY!

Our materials are BLUESIGN® certified. We use PFC-free DWR Impregnations to make our fabrics waterproof.

### FAIR IS THE WAY FORWARD!

Our funwear can only be produced by those who pay and insure their employees fairly, give them sufficient holidays, and look after their welfare.

### POLLUTANT FREE AND FUN!

With 3M reflectors for maximum safety. Without Ugh!

### GREAT INSIDE AND OUT!

Our funwear is wrapped in bags made from recycled PET bottles. That makes them reusable and durable.
